## **What to expect:**

Children will engage in a range of fun games and activities as well as participate in Highway Kids services including campfire sessions and nighttime games. Children will be supervised by Highway Kids leaders at a ratio of 1:15 (one Highway Kids leader to every 15 children). Highway Kids leaders are equipped with blue cards and a number of them have first aid certificates.

Children will be sleeping in the Highway Kids rooms at Gilston. One room for boys and one for girls. Highway Kids leaders will sleep in a separate room but will keep a roster of leaders (of the same gender) supervising throughout the night should the children require anything.

Both toilets and showers are already provided at Highway Gilston. The main toilet block is located a short walk from the sleeping rooms, however there is a 'rustic' loo next to the sleeping rooms and Highway Kids leaders will be available to walk children to the main toilet block during the night should they wish to use it. There is one hot shower next to the main toilets and a schedule will be provided for children to use it throughout the morning/evening.
